MESTON FLASHES
of
MESTON COLLEGE OF EDUCATION
(Autonomous & Co-education)
Affiliated to Tamil Nadu Teachers Education University, Chennai.
Re-accredited (4th Cycle) at 'A' Grade by NAAC
(Biannual)

Issue No. 47
August 2025 – January 2026

Dear Well-Wishers,
Greetings from Meston!

Bless the Lord, O my soul, and forget not all His benefits -Psalm 103:2. Every achievement we celebrate is a testament to God's faithful hand at work in our Institution. Through His guidance, we have grown, learned and thrived. As we reflect on the academic year, we are reminded that with God beside us, every goal is within reach. The New entrants of B.Ed. 2025-2027 batch entered on 20th August, 2025. Our College continues to strengthen its academic culture through a series of scholarly lectures, orientations and professional enrichment programmes aimed at holistic teacher preparation. Distinguished academicians and administrators addressed students and faculty on contemporary educational practices, institutional responsibilities and emerging learning paradigms, thereby enriching the intellectual climate of our Institution.

Special Guest lectures and orientations were organised to deepen pedagogical understanding among teacher trainees. Sessions on teaching practice, micro-teaching, school regulations, generational learners and National Educational initiatives enabled students to connect theory with classroom realities. These programmes emphasised reflective teaching, professional ethics and adaptive instructional strategies essential for modern educators.

Our Institution promoted experiential learning through Educational visits, Mock Examinations, and practical assessments. Academic and Administrative Audits ensured quality assurance and adherence to institutional standards. Intellectual sessions conducted by students showcased interdisciplinary learning through experiments, discussions and creative academic activities.

Professional development of faculty members was prioritized through academic briefings, workshops, and scholarly interactions. Students and Faculty were enriched with insights from National-level workshops, research advisory meetings and staff study circles that addressed emerging themes such as Artificial Intelligence in Education, Cognitive Learning Strategies, Teaching in Tune with the Times: Adapting Styles for Generational Learners, The Science of Breath Work, Joy in Teaching: A Journey through IKIGAI, AI Assisted Content Creation (Photo and Video) and Speak Your Thinking: A Cognitive Route to Quality Learning.

Our college upholds National values and civic consciousness through commemorative and awareness programmes. Celebrations of Independence Day, Republic Day, Constitution Day, Literacy Day and National Voters' Day fostered patriotism, democratic responsibility and constitutional awareness among students. Pledges on social justice, vigilance, anti-drug awareness and ethical citizenship reinforced moral responsibility and civic commitment.

Student leadership and Institutional governance were strengthened through Induction programmes, Investiture ceremony, Mentor–Mentee interactions and Research Advisory committee meetings. These platforms nurtured leadership qualities, academic guidance, emotional well-being and research orientation among students at various levels.

Community engagement and social responsibility formed an integral part of Institutional activities. Awareness programmes on Drug abuse, Road safety, menstrual hygiene, Environmental protection, mental health, stray dog safety and insurance literacy reflected the college’s commitment to societal welfare. Walkathons, debates, panel discussions, skits, and outreach activities enabled students to engage meaningfully with the community.

Extension Services Department activities further enriched campus life. Programmes under clubs and value-added courses promoted creativity, communication skills, research aptitude, cultural awareness, and life skills. Workshops in arts and crafts, resume preparation, digital learning tools and Indian knowledge systems broadened students’ academic and professional horizons.

Our Institution also fostered inclusivity and compassion through visits to special schools and social service organizations, enabling students to develop empathy and social sensitivity. Cultural celebrations such as Founder’s Day, Pongal and Christmas celebration strengthened institutional bonding and cultural heritage.

This academic year reflected Meston College of Education’s unwavering commitment to excellence in teacher education through academic rigor, ethical grounding, social engagement and holistic development, preparing future educators to serve society with competence, conscience and confidence.
