4:30 pm

Media Centre  
Meston College Of Education

# *Objectives of Presentation*

## **Teacher Educators will be able to:**

- provide a better interactive experience during the teaching and learning process.
- support students with more technological tools.
- promote better learning with the use of diverse technologies
- implement to-access information, accelerated learning and gaming to practise what students learn.
- stimulate self-confidence through the knowledge and application of technology.

LET US LEARN AND GROW TOGETHER
