FEEDBACK

Greetings!

As your student-teachers begin their career as teachers, it is both an honour and a joy for us to serve as their mentors (2020-2022). They deserve a lot of praise for their creative presentation and active engagement. When it came to organizing quizzes, awareness campaigns, and leading Assembly exercises, they were creative and very beneficial for the younger generation. The discussions were very inspiring and the tools (aids) and teaching methods they used were fascinating. We especially appreciate the efforts they did to make sure the students could understand the subject. They offered the teachers at our school great help and support throughout the teaching process. We appreciate and acknowledge their work.

Greetings!

We feel happy and privileged to train of your student-teachers in their teaching career of the batch (2020-2022). Their active participation and creative presentation were very much-appreciable. Their Assembly programmes, organizing quizzes, awareness programs were creative and very useful for the children. The materials and the methods they used were very interesting and the discussions were truly inspiring. We particularly appreciate the efforts taken by them to make the content easily understandable to the students. They were of great help and support to our school teachers during the teaching practice. We appreciate and acknowledge their work.
