Greetings!

We consider it an honour and a pleasure to mentor your student-teachers as they begin their teaching careers (2019-2021). Their engaged participation and inventive presentation were much appreciated. They were innovative and very helpful for the children when it came to leading Assembly activities, planning quizzes, and awareness initiatives. The conversations were genuinely inspirational, and the materials and techniques they employed were quite interesting. We particularly value the efforts they made to ensure that the pupils could readily understand the topic. Throughout the teaching practice, they provided our school's teachers with invaluable assistance and support. We value and recognise their labour.

Greetings!

We feel happy and privileged to train your student-teachers of the batch (2019-2021). Their active participation and creative presentation were much-appreciable. Their Assembly programmes, organizing quizzes, awareness programs were creative and useful to the children. The teaching aids and the methodology employed by them were innovative , interesting and the discussions were truly inspiring. We particularly appreciate the efforts taken by them to make the content easily understandable to the students. They were of great help and support to our school teachers during the teaching practice. We appreciate and acknowledge their work.
